

Hegedúšová K., Žarnovičan H., Kanka R., Šuvada R., Kollár J., Galváněk D. & Roleček J. (2021) Thermophilous oak forests in Slovakia: vegetation classification and an expert system. – *Preslia* 93: 89–123.

**Electronic Appendix 1. List of species aggregates and other broadly defined taxa in the analysed dataset.**

Species taxonomy and nomenclature follows Marhold & Hindák (1998).

*Acetosella multifida* agg. – *A. vulgaris*, *A. tenuifolia*  
*Achillea distans* agg. – *A. distans*, *A. stricta*  
*Achillea millefolium* agg. – *A. collina*, *A. millefolium*, *A. pannonica*, *A. setacea*  
*Arabis hirsuta* agg. – *A. hirsuta*, *A. sagittata*  
*Arenaria serpyllifolia* agg. – *A. leptoclados*, *A. serpyllifolia*  
*Campanula glomerata* agg. – *C. elliptica*, *C. farinosa*, *C. glomerata*  
*Campanula rotundifolia* agg. – *C. moravica*, *C. rotundifolia*, *C. tatrae*, *C. xylorrhiza*  
*Cardaminopsis arenosa* agg. – *C. arenosa*, *C. borbasii*, *C. nitida*, *C. petrogena*  
*Carex muricata* agg. – *C. chabertii*, *C. divulsa*, *C. guestphalica*, *C. muricata*, *C. spicata*  
*Dorycnium pentaphyllum* agg. – *D. germanicum*, *D. herbaceum*  
*Epipactis helleborine* agg. – *E. helleborine*, *E. helleborine* subsp. *orbicularis*, *E. muelleri*, *E. leptochila*  
*Festuca ovina* agg. – *F. dominii*, *F. filiformis*, *F. guestfalica*, *F. ovina*, *F. pseudovina*, *F. vaginata*, *F. valesiaca*  
*Festuca rubra* agg. – *F. heteromalla*, *F. nigrescens*, *F. rubra*  
*Ficaria verna* agg. – *F. bulbifera*, *F. calthifolia*  
*Galeobdolon luteum* agg. – *G. luteum*, *G. montanum*  
*Galium mollugo* agg. – *G. album*, *G. mollugo*, *G. pycnotrichum*  
*Galium pumilum* agg. – *G. anisophyllum*, *G. austriacum*, *G. fatrense*  
*Galium verum* agg. – *G. verum*, *G. wirtgenii*  
*Glechoma hederacea* agg. – *G. hederacea*, *G. hirsuta*  
*Helianthemum nummularium* agg. – *H. grandiflorum*, *H. nummularium*  
*Hylotelephium maximum* agg. – *H. argutum*, *H. maximum*, *H. scherfelii*  
*Knautia arvensis* agg. – *K. arvensis*, *K. kitaibelii*, *K. slovacca*  
*Leucanthemum vulgare* agg. – *L. ircutianum*, *L. margaritae*, *L. vulgare*  
*Luzula campestris* agg. – *L. campestris*, *L. divulgata*, *L. multiflora*  
*Minuartia verna* agg. – *M. glaucina*, *M. verna* auct.  
*Molinia caerulea* agg. – *M. arundinacea*, *M. caerulea*  
*Poa pratensis* agg. – *P. angustifolia*, *P. pratensis*  
*Polygala amara* agg. – *P. amara*, *P. amarella*  
*Potentilla arenaria* agg. – *P. arenaria*, *P. tommasiniana*  
*Pulmonaria mollis* s. lat. – *P. mollis*, *P. murinii*  
*Pulmonaria officinalis* agg. – *P. obscura*, *P. officinalis*  
*Pyrus communis* agg. – *P. communis*, *P. pyraeaster*  
*Quercus petraea* agg. – *Q. dalechampii*, *Q. petraea*, *Q. polycarpa*  
*Quercus pubescens* agg. – *Q. pubescens*, *Q. virgiliana*  
*Quercus robur* agg. – *Q. pedunculiflora*, *Q. robur*  
*Ranunculus auricomus* agg. – skup. *R. auricomus*, skup. *R. cassubicus*, skup. *R. fallax*  
*Rosa canina* agg. – *R. canina*, *R. corymbifera*, *R. deseglisei*, *R. squarrosa*  
*Rubus* subgen. *Rubus* – *R. caesius*, *R. fruticosus* agg.  
*Scilla bifolia* agg. – *Scilla bifolia*, *Scilla drunensis*

*Senecio nemorensis* agg. – *S. germanicus*, *S. hercynicus*, *S. ovatus*  
*Stellaria media* agg. – *S. media*, *S. neglecta*, *S. pallida*  
*Symphytum tuberosum* agg. – *S. angustifolium*, *S. tuberosum*  
*Taraxacum* sp. – all taxa of the genus  
*Trifolium medium* agg. – *T. flexuosum*, *T. sarosiense*  
*Veronica chamaedrys* agg. – *V. chamaedrys*, *V. vindobonensis*  
*Veronica hederifolia* agg. – *V. hederifolia*, *V. sublobata*, *V. triloba*  
*Vicia cracca* agg. – *V. cracca*, *V. tenuifolia*
